Dear Karim,

We would like to take this opportunity to thank you from the bottom of our hearts for your generous support to our group over the years. You and your staff are always very friendly, kind and patient with us. You make our bottle drives run smoothly, and your help with picking up the bottles, and sometimes even helping us sort them, makes our job a lot easier and we greatly appreciate it. Every time that we pick up our cheque, we notice that you add a little something to the total. Thank you, every little bit helps us greatly.

The funds to operate our scout program primarily come from many hours of fund raising. With the money, we are able to provide the youth with fun filled programs, adventurous outings and camping trips that they will remember forever. These experiences will help the youth build friendships that last a life time.

Again thank you from all of us at 1st Walnut Grove Scout Group.
Kathy Sulymka
